From the Editor,

The goal of Soundboard is to collect all that scattered entertainment information and present it to you in one handy, monthly magazine. We emphasize Licking County as the "Hub of Ohio" where exciting things are happening.

Soundboard may be found free of charge in over 80 business establishments in the Newark area and surrounding communities (Mount Vernon, Coshocton, Zanesville, Lancaster, and Pataskala). For a complete list, phone (614)928-0114 or send to P.O. Box 663, Newark, Ohio 43055.

PALM, CARD AND CRYSTAL BALL READINGS

PRIVATE AND CONFIDENTIAL READINGS DAILY

Entire life read without questions. Advice on love, courtship, marriage, law suits and business. Tells you WHO and WHEN you will marry.

Special $20 Reading for $5 with this AD

After studying herbs and wholistic health several ago in California, I moved to Newark and co-founded the MEW (Mother Earth Works), 373 Mt. Vernon Road. We have recently expanded and now have space for classes, lectures and educational consultations. I feel there is a need for a meeting place where folks who are interested in wholistic health and lifestyles may come together and share ideas and learn with one another.

It is for these reasons that I am organizing the Wholistic Learning Center (WLC). It will be located at the store and will offer a variety of classes - YOGA, STRESS MANAGEMENT, NUTRITION, DIET, COOKING, HERBS for cosmetic, culinery, craft, and medicinal uses, NATURAL BIRTH CONTROL, and more.

Each week there will be a Monday night class from 7:00 to 9:30.

AUG. 15 Tea tasting party
AUG. 22 Diet discussion
AUG. 29 Myriad uses of herbs

Many other classes will be offered throughout the week, both days and evenings. A newsletter will be available after Aug. 1st. Individuals, groups or clubs interested in attending classes or becoming involved in the WLC may contact me at 345-1470 or 345-7018 for information.

Since I generally share Soundboard's philosophy of helping and informing people, I have been asked to submit short pieces - little-known health tips - from time to time in Soundboard's "Getting Help" section. So please watch for them and come let me know what you think.

Namaste,
Cindy Parker

Scarlet

Remember Scarlet? It's a Newark band that got together in 1980 and was so hot it moved on to the Columbus area after one year. In fact, their first time out in Columbus was at the Screamin Willies Rock Wars I where they took 2nd place out of 27. Their work in the Newark area now is primarily private parties such as high school proms.

Scarlet is a good name for a red-hot band. These guys use all the tricks to give you a good show: choreography, smoke, fire, destruction, fog, eye contact, make-up, flashy clothes, and a larger-than-life charisma that is difficult for any band to acheive unless it can truly work in unison toward a common goal. "We're going all the way." Their positive attitude shines through when they perform or talk about their work.

If there is such a thing as a 70's rock revival already, Scarlet is in the forefront. They want to return to long hair and to develop their own image by blending most other rock styles (i.e. pop, new wave, soft rock). At the same time, they don't wish to be classified and enjoy surprising their audiences with non-conformity and various stage effects. Matt even swallows fire on occasion.

There are heavy influences from Alice Cooper, Bowie, Beatles, Who, Kiss, and others. But lest it be said that Scarlet is satanic, they actually consider themselves the "Guys in white." They don't smoke, drink or do drugs. In fact, this interview was done at Burger Chef. The entire band feels they are being guided by a force larger than themselves, and they feel a real responsibility for their influence over the audience.

In their push to be different, they do many of the more obscure tunes by The Who, Cheap Trick, Clash, Kiss, Rush, Scorpions and Badfinger. But they also do originals. Evan, John and Matt all compose, while all five sing. An album will be released around September featuring 12 originals with catchy titles like "Grave Desires," "She's A Stud," "Your Face or Mine," and "She Tastes Like Metal."

On July 24, Scarlet won the Rock Wars at Haunted Harry's (formerly Screamin Willies). The finals in this contest will be July 31. Scarlet will also be appearing at the Ohio State Fair, and also at Alrosa Villa on Aug. 13 and 14.

GOOD OLE COUNTRY

JIMMY DEAN SHOOT-OUT

On July 3, **STONE CREEK** won the Country Battle of the Bands Shoot-Out, which was hosted by the Corral Country Saloon and sponsored by WHTH. The final playoffs in this two-part contest were between Stone Creek and the Ruble Brothers Band, and that was quite a show! Of a possible 100 points from the judges for musical selection, stage presence, arrangement, originality, and musical ability, the two bands came to within 4 points of each other. The Rubles were hot, playing better than I've ever heard and exposing their tremendous talent for real country music. They did tunes by the Oak Ridge Boys, George Jones, Ricky Scaggs, Alabama, Mickey Gilley, and Flatt & Scruggs, with an excellent finale by Darrell Ruble who treated us to the "Black Mountain Rag" by Chet Atkins.

But Stone Creek was hot, too, with songs by David Alan Coe, Ricky Scaggs, and Charlie Daniels, and showing off their fiddler, Ted Hurley, with the "Orange Blossom Special". They also included their original tune, "You Tell Me Your Lie," which was released in late June and is often heard on WHTH and many local juke boxes.

Stone Creek will now represent one of nine Ohio regions at the Ohio State Fair's Jimmy Dean Shoot-Out. Here's the competition: The Ohio Valley Boys (WKKJ, Chillicothe); Pleasant Mountain Boys (WHOK, Lancaster); Wayne and Lynn with Goldrush (WBZI, Dayton); Chuck Magil and Country (WMRN, Marion); Georgia (WUBE, Cincinnati); The Circus Band (WCKX, London); Freestyle (WPAY, Portsmouth); and Ron Blevins and the Country Travelers (WGLX, Galion). Dates for this contest at the Jimmy Dean Pavilion are Aug. 9, 13, 16 and finals on Aug. 18. The winner will receive 8 hours of recording studio time and a guaranteed appearance on "You Can Be A Star," the Nashville Network TV show taped at the Grand Ole Opry House.

Winner of "You Can Be A Star" at Nashville will receive a one-year recording contract with a major label and nationwide TV exposure.

Somebody will win! So, come on out and support Newark's own band, Stone Creek.

PASSING THRU

There are some really class acts that find their way to the Newark area from "outside", and Soundboard will begin to highlight some of them for you.

One such band is **ZIPPER**, which will continue playing in August at the Sheraton. I have caught their show several times and never tire of it. Their strong point is an ability to reproduce Top 40 material true to the original recordings, which is very difficult to do for a live band, especially when the originals make use of synthesizers. Grieg Hinde can handle that with his elaborate bank of keyboards, though, which almost completely surrounds him. He comes from England and has an extensive classical music background with the harpsichord and pipe organ. He can also play drums, guitar, flute and violin.

Jeanne Ebersole is a lead singer and plays bass. She can make you think you're really listening to Ronstadt. Terry Palmer (they call him "T") is the drummer and has a long music career behind him, having recorded with some of the Beach Boys, Blondie, Rob Freeman (producer of the Go Go's), and others.

That leaves Pete Seeds who plays guitar, bass, drums, keyboards, sax, trumpet and violin. He started with music at age four and still loves learning new instruments. He enjoys turning people on to music and plans to take Zipper to the charts. He says, "We like the people in Newark," and I know you'll like Zipper.

ROCK TALK

OHIO DOES ROCK AND ROLL

I don't think anyone knows or even considers it (except we rock and roll maniacs), but Ohio is rich in rock tradition. In fact, the phrase "Rock & Roll" was coined in the 50's by a Cleveland DJ, Alan Greed. We even have the No. 1 rock and roll radio station for three years running, according to a Rolling Stone poll: WMMS - 101 FM of Cleveland.

In the 60's, bands such as Glass Harp with Phil Keaggy, and the James Gang with Joe Walsh dominated the music scene regionally and nationally. The James Gang originated from Kent, Ohio. Such groups and artists as Eric Carmen and the Rasberries (Cleveland), Rick Derringer, Pure Prairie League, The Ohio Players, and Tommy Bolin (with Deep Purple) dominated large corners of the international record buying public during the 70's.

Today, bands and musicians including Chrissie Hynde (Pretenders); Neil Geraldo (lead guitarist for and husband of Pat Benatar); Devo; the Michael Stanley Band; The Waitresses; McGuffey Lane; and others, make waves on the national charts and tour circuits.

Ohio has also become quite a training ground for spawning talent just ready to break loose nationally. One band from Cleveland, Fayrewhether, has a tightly professional stage show and several local albums to its credit. It is named after its charismatic lead singer, Paul Fayrewhether, and features original tunes in the Phil Collins/Genesis vain. Columbus boasts of several bands just ripe for picking by record company execs., including the power pop acts, Money and Rosie, and new wave songster, Willie Phoenix. Cincinnati is proud of its recent "Mtv Basement Tapes" winner, Young Invaders and Erector Set. And let's not forget Dayton's Illuzion and Akron's Boy Wonder, both of which could make waves down the road.

All in all, Ohio is, has, and probably will continue to be an excellent source of quality rock and roll talent.

Michael S. Bethards

HUB OF OHIO

Soundboard subscribes to the "Buy (and sell) Ohio" theme, and since Licking County is at the very heart of Ohio, we feel that makes our county special. Therefore, we will spotlight local personalities who have had more than local success in some area of entertainment, and who we think you should know more about.

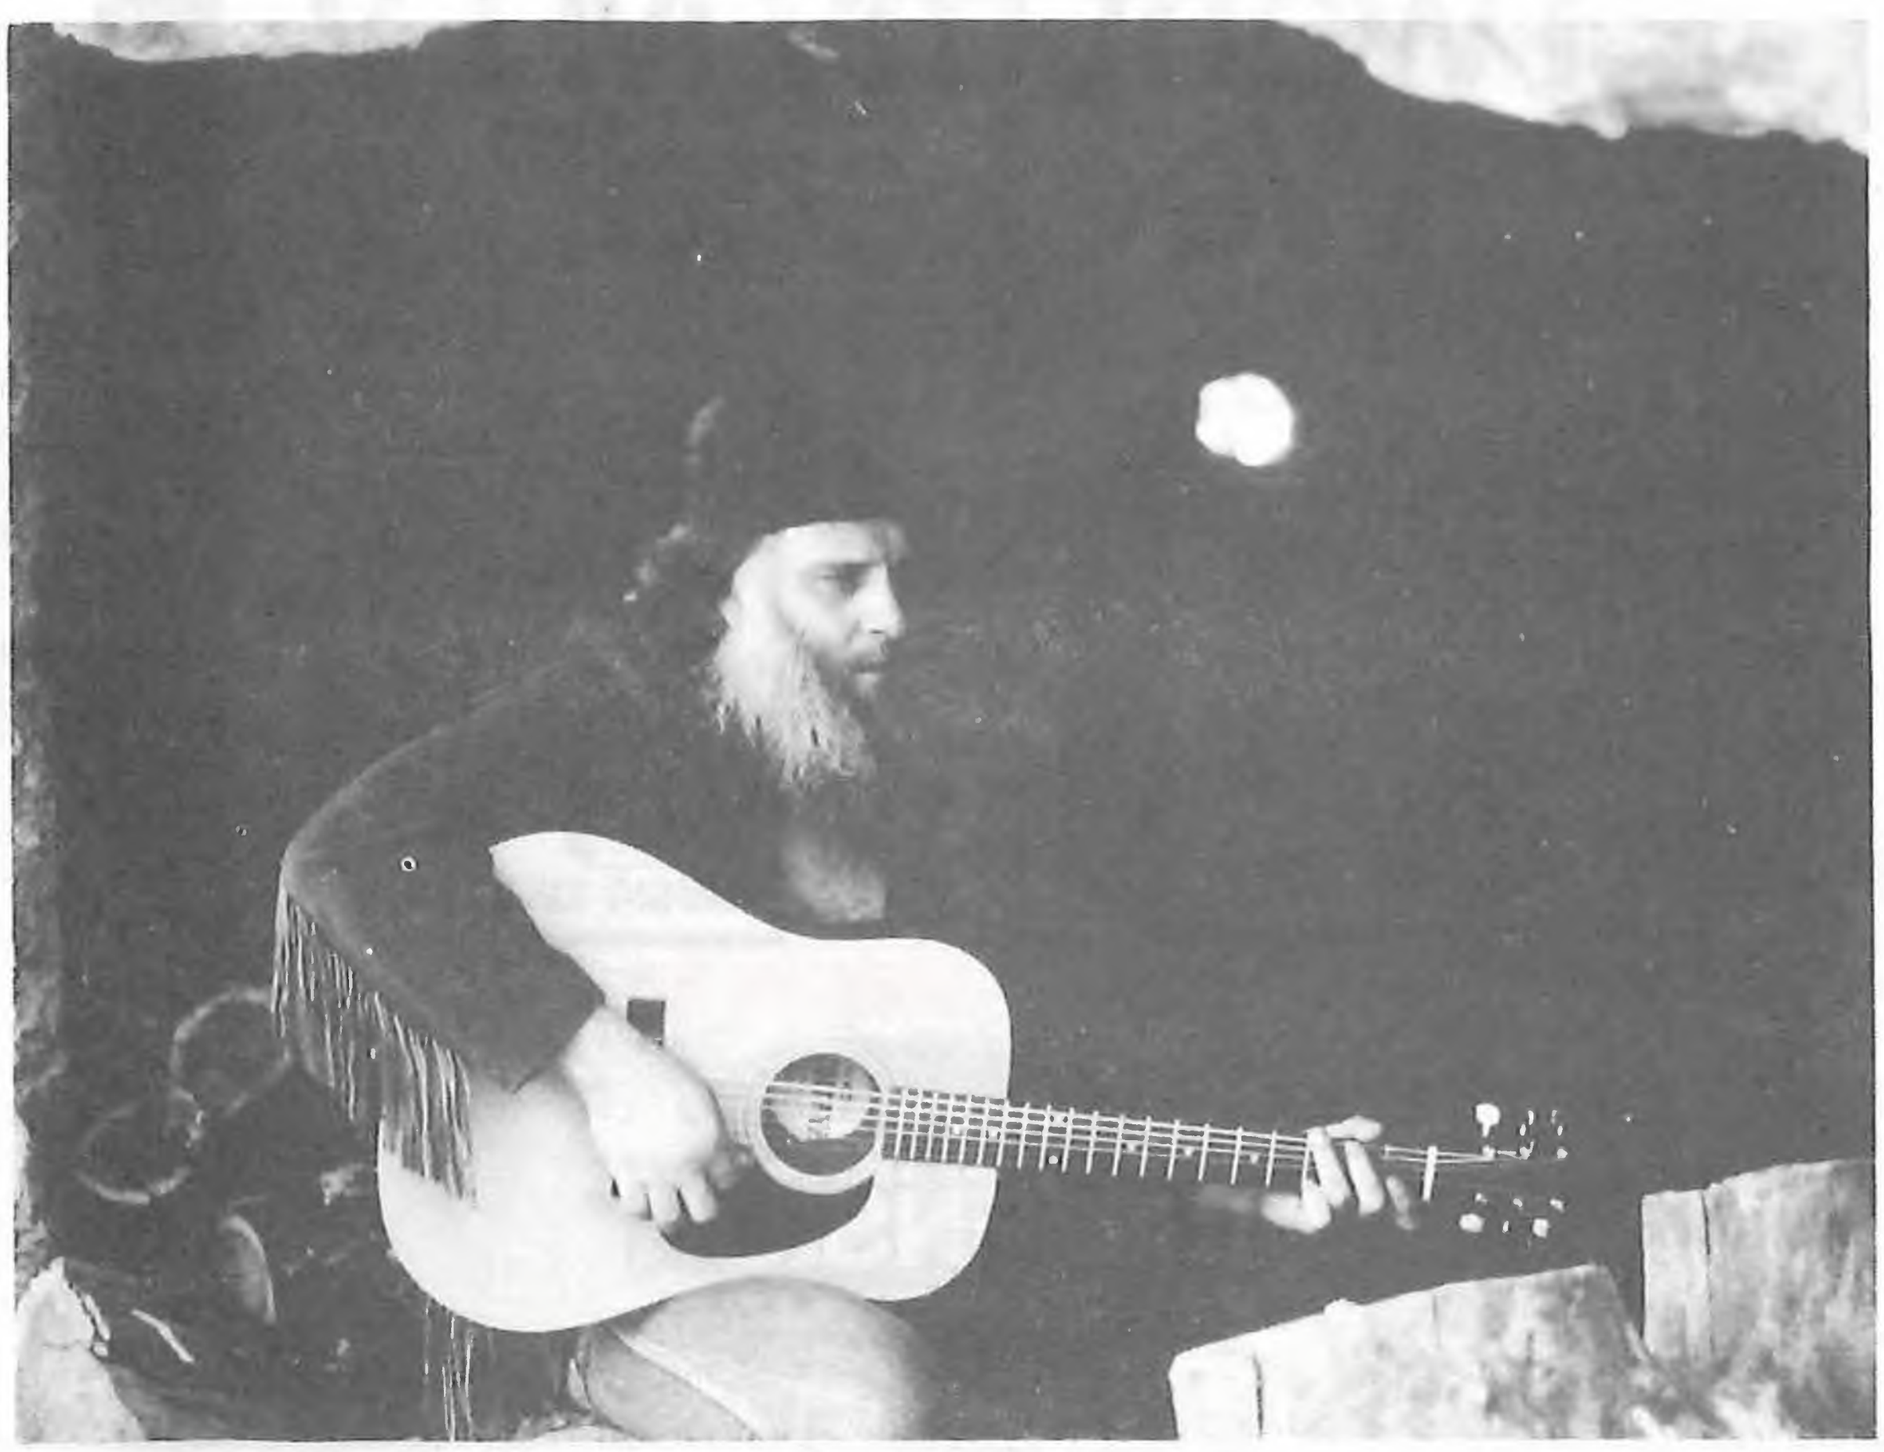
GRIZZ SAWBUCK , by Rickie Marecek

There comes a time when a man comes along who really makes a difference. The time has come, and the man is Grizz Sawbuck. He sings a true country song. He has a heart of gold. His roots are here in Ohio (Greenfield) but his soul is truly country.

Grizz started his singing career at the age of 13, and he has been involved with country music for 23 years. He has worked with Johnny Paycheck and Little Jimmy Dickins and has been in and around Nashville for many years.

Grizz is ready for success after his long years of hard work, and he has a strong conviction that he will make it. He has published and produced his recent album with the help of his friends, Melvin and Shirley Sims in Hebron where he now resides. This new album is a collection of songs from the heart called "One More Memory". You can get the album by calling 1-800-821-7700.

I promise, you will get a true taste of country. You can listen to his songs on tape but the man is right here in Hebron, Ohio to appreciate and love.



GETTING HELP

NARCOTICS ANONYMOUS is a non-profit fellowship of men and women for whom drugs had become a major problem. It consists of recovered addicts who meet regularly to help each other stay clean. It is a program of complete abstinence from all drugs, the ONLY requirement being the honest desire to stop using. There are no strings, no leaders, no initiation fees or dues, no pledges to sign, no promises. N.A. is not affiliated with any other organizations, nor any political, religious, or law enforcement groups. It is not under surveillance at any time.

The group is not interested in what or how much you used, or your connections. The sole concern is how to help your problem. The group experience at N.A. has shown that those who keep coming to the meetings regularly stay clean.

Newcomers need not be embarrassed and are always welcome. Or perhaps you are very close to someone else who has a problem, and you are frustrated about how to help. Meetings are on Wednesdays at 8:30 pm at the Spencer Half-way House, 69 Granville St., Newark and on Sundays at 7:30 pm at Licking Memorial Hospital

"I want my MTV Weekend!"

Every Saturday and Sunday there's so much going on —concerts, interviews, reviews— you won't want to leave your home.

Movie Review

STAYING ALIVE

"If you had half a brain in that thick skull of yours, you'd stop trying to change other people and start trying to change yourself." This warning is thrust at Tony Manero (John Travolta) who has an attitude problem and is suffering the transition from gamesman/adolescent to "real person."

He is weary of hard partying and loose women when he auditions for a dance part in a Broadway play. With values obviously in conflict, Tony attempts to control the life of his favorite girl, Jackie (Cynthia Rhodes), who is also in the play, while pursuing his new flame and lead dancer of the same play, Laura (Finola Hughes). As if this situation isn't awkward enough, Tony grabs the male lead part next to Laura (with Jackie's unselfish but jealous help).

But alas! It is the dance and not Laura that lured him to the top to become a smashing success on Broadway, and Tony does find himself.

If you haven't yet s een this sequel to Saturday Night Fever, go see what Sly Stallone (director) has done to these people. He built up Travolta's body for the role, and he found a pair of extremely talented ladies unknown to film, and turned them into movie greats. Just watch!

ART

The Licking County Art Assoc., 391 Hudson Ave., Newark will be closed during August and September for renovations.

There are two plays left to be shown for the **WEATHERVANE PLAYHOUSE** 1983 season. "Vanities" runs July 28-30 and Aug. 4-6 and "You're A Good Man, Charlie Brown" will be done Aug. 11-13 and 16-20.

Weathervane is Ohio's oldest and only professional summer stock theatre, now in its 15th season. It has a landscaped picnic area where you may enjoy a picnic before the play. The theatre itself is in the open air. For information call 366-4616.

CLUB NEWS

ATTENTION ROCK HOUNDS:

No, this is not referring to rock and roll groupies. This concerns the **LICKING COUNTY ROCK AND MINERAL SOCIETY**, a non-profit club that promotes activities involving geology, mineralogy, archaeology and lapidary arts. More simply, they collect rocks and minerals. Some members make all types of jewelry, using equipment that cuts, shapes, and polishes the gems and sometimes setting them in silver or gold.

I have seen and purchased some of their work. You'll see everything from ear rings and belt buckles to clocks set into slabs of stone. It is fine, professional craftsmanship, and makes wonderful gifts for any occasion.

Meetings are at the Dawes Arboretum on the 4th Wednesday each month (Jan. through Oct.) and the 3rd Wednesday (Nov. and Dec.), all at 7:30 pm. There is an annual gem and mineral show. Dues are $8 family, $6 single, and $2 student. For information, contact Joe, 522-2424.
